

Dear Friends!

Now, the summer has reached us and you are able to work out your holidays.

Where? At the Adriatic Coast in Italy. Our huge range of events in Misano (07.-18. August 2010) offers a really good chance for combine racing fun with your holidays. Furthermore, camping in the paddock is free of charge, there is a swimming-pool directly on the circuit-area and the coast with the open sea is a few 100 m away.

As well, the best opinion for evenings is the famous and notorious party-mile of Rimini. Now, book these events as long as free spaces are remaining at the requested event.
